

6 October 2020

Dear Parents and Students,

Thank you for your tremendous support during the last two terms of remote and flexible learning. During this period, the collaborative effort by students, parents and teachers has been phenomenal.

As we gradually come out of lockdown, the Department of Education and Training will provide information for Community languages regarding going back to face-to-face teaching. At this stage, Omiros College will continue delivering its signature curriculum online until further advice.

We will keep utilising the **myEdOnline** platform to deliver multimedia lessons to our students anywhere, anytime, at their own pace. Students will continue to receive support through **WebEx** teleconferencing sessions delivered by our teachers. These live sessions keep our students connected, engaged and allows them to keep learning safely **together online**. Flexischools will remain in place as an alternative method for delivering weekly homework.

We want to thank you all for embracing our online programs, which have proved to be efficient and safe strategies to learn a language online in the current circumstances. We urge all students, parents and teachers to continue working together until all restrictions are lifted and we are able to return to face to face classes.

Even though 2020 has been a challenging year in many aspects, we are here to offer our support and guarantee that we will get through this **Together (Μαζί)**!

The sense of community is important to all of us. Our school needs to stay connected and continue to honour the Greek language. We are absolutely committed to working through these challenging times together. The health and safety of everyone remains our first priority.

Once again, thank you for your continuous support. We look forward to welcoming Omiros' students back to our online classrooms in Term 4. Online lessons and live sessions are commencing **THIS WEEK**. Please note that if the session time does not suit, you may choose an alternative day and time. We have attached the **Timetable**.

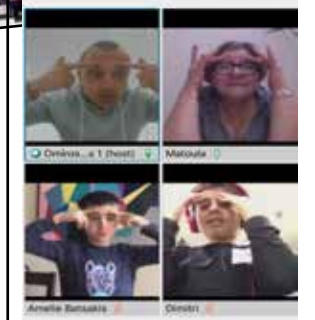

Any required printed learning resources will be emailed, and for some year levels, will be posted in the next few days.

Thank you for trusting Omiros College and assisting us to build a school for the future that can cater for the needs of every student anywhere, anytime and at any pace!
